

## **Crab and Lobster Tap Ventnor**

We will be having AMSTEL; RED STRIPE; CRUSCAMPO, MORETTI. Now that's not a bad start. Who's heard of LAGUNITIS? The American draught IPA at 5.5%. ORCHARD THEIVES CIDER. BARISTA STOUT with a coffee essence. Don't lets forget the GUINNESS.

The Crab has been livened up. Now it's a fresh vibrant blue.

Arrangements have been made to completely sanitise the whole pub with a deep clean. Ventnor's own ACE WASTE, authorised COVID 19 warriors, will be blitzing the place with the Internationally recommended virus killer spray.

TABLE SERVICE IT IS. No standing at the bar. We are planning to use the Vocal and Respond App. Just shout and we will deliver. "Fish, chips and a pint of Lagunitis please landlord." "Righty ho. On its way", the response will be. Book your table for an hour or all night.

2 meter or 1 metre social distancing. Whatever, we will implement the rule with ferocious enthusiasm. The health of our customers and staff is paramount to us at the Crab. Special measures will be in place so we can have fun but no nonsense.

Thanks

***Tansy***
